Snow Removal

During the winter season, when it is likely to snow at any time, please make an extra effort not to park in the street. Buses, emergency vehicles, mail delivery, trash pickup and snow removal will be hindered, and you will receive a citation. Residents on Rollingwood have a unique challenge and need to pay extra attention where and how they park. Please park on easement areas as much as possible, and park vehicles on the same side of the street. Street parking is limited to the first 24 hours following the snow /ice event. This will allow sufficient time to clear your driveway.

December is, without a doubt, the busiest time of year for ole St Nick and his elves. Though negotiations were tense at times at the hot cocoa table, the Commission is happy to announce that Santa has agreed to visit our streets, personally, the week before Christmas.

On Saturday, December 17th, Santa will travel the streets by horse and carriage. We were unable to get any reindeer though. This weekend starts their rest period before the big day. Leading the way before Santa's arrival in front of your house, Hot cocoa, cookies and even hotdogs will be available for free for all who greet him. This will be your opportunity to be waiting curbside for Santa's arrival.

Beginning at 1:00 pm Santa will travel all the City streets stopping briefly when he encounters children. This will be your child's opportunity to speak with Santa and for Moms and Dad's to take a picture.

A flyer is attached to this newsletter along with a map/route with approximate times so you can be prepared. Frequent updates will also be occurring on the City of Goshen Mayor's Facebook page, <http://CityOfGoshenMayor.com>.

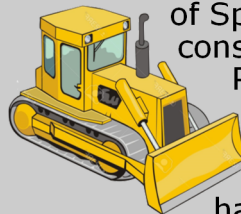

SPRINGMEADOW PARK

Because of the different ways people experience parks, cities need to provide all types, from neighborhood facilities to large natural areas. In fact, many health benefits can be best achieved through small-scale, readily accessible sites.

It has been the goal of this Commission to make this centrally located park a reality. Not only for the benefit of physical activities but also for a safe and fun park for families to gather and a place for children to play.

We are pleased to announce that development of Springmeadow Park continues and construction on the Basketball/

Pickleball courts will begin the first week of October. Expected completion date is December 31st.

When completed, this park will have two public pavilions with picnic tables, Basketball court, 2 pickleball courts, water fountain, benches, grill, free wifi, charging stations and more.

This two acre park will be the center piece for many City and Community activities and events for years to come.
